### COACHES

All RCWC coaches undergo USA Wrestling background checks and are USA Wrestling certified. RCWC coaches are drawn from our diverse wrestling community and include area high school and middle school coaches and also current and former Purdue NCAA division I wrestlers. Our inclusive philosophy seeks to improve all area wrestlers regardless of location and to raise the wrestling profile of the Greater Lafayette area generally.

## YEAR-ROUND CLUB ACTIVITIES

### Developmental Classes

Instruction for beginning wrestlers focuses upon the basic skills that are building blocks of all wrestling techniques; the focus for this group is upon practicing these skills in a fun and relaxed environment that promotes learning and love of wrestling. (typically grades K-3rd)

### Intermediate Classes

Instruction for intermediate wrestlers focuses upon developing fundamental technique and in developing successful strategies during situational wrestling that will lead to future success both on and off the wrestling mat; this group begins to see the challenges of competitive training and is encouraged to occasionally compete in outside events. (typically grades 3rd-5th)

### Competitive Classes

Instruction for advanced wrestlers focuses upon techniques and training that will provide RCWC wrestlers an advantage in both scholastic and amateur competitions; position, tempo, and scoring are our focus as we train and we encourage our wrestlers to compete regularly at outside events. (typically grades 4th-12th)

### Female Athletes

RCWC promotes female participation in the sport of wrestling and invites any female interested in wrestling to join in its team activities.

### ISWA Regional Training Center

RCWC hosts an ISWA Regional Training Center throughout the Spring (March-June) that is free for all USA Wrestling members, with various clinicians throughout the season offering instruction in Olympic styles.

### Amateur Competition

RCWC sponsors individual participation and teams in the Pee Wee, Intermediate, Novice, Schoolboy/girl, Cadet, and Junior USAW age divisions for amateur competition in ISWA and USAW events; RCWC periodically hosts duals for its beginner and intermediate wrestlers.

## WOMEN'S WRESTLING

Women's wrestling is the fastest growing sport in the nation, and soon to become an IHSAA-sanctioned high school sport in Indiana. Some of the benefits that females can expect from wrestling include an increased level of fitness and strength, improved self-confidence, acquisition of self-defense skills, and the potential of collegiate scholarships.

RCWC encourages females of all ages to train with our Women's Regional Training Center, a girls only program instructed by Indiana national team coaches. Moms are welcome to attend and train as well! Additional opportunities for training and competition are also available.
